In order to provide services to its members, Cast It Talent requests and uses certain personal information, and in some instances, allows for members to display certain of their personal information to other members for the purpose of expanding their respective networking opportunities.

Cast It Talent collects member-submitted information such as name, email address and age to authenticate members and to send notifications to those members during the registration process. Once registered, members have the opportunity to create a profile by providing other data including but not limited to: resume information (such as work history, education), photographs, videos, demographic data (such as zip code), and member contact information in order to, among other things, assist members in communicating with each other.

Cast It Talent also collects financial data, such as an account or credit card number, telephone number, and billing address solely to facilitate transactions for products and/or services available through the website. Cast It Talent does not store any financial data. All financial data that is stored is stored by the secured billing partners of Cast It Talent.

Cast It Talent logs non-personally-identifiable information including IP address, profile information, aggregate user data, and browser type, from members. This information is used to manage the website, track usage and improve the website services. This non-personally-identifiable information may be shared with third-parties to provide relevant services and advertisements to members. Member IP addresses are recorded for security and monitoring purposes.

From time to time, Cast It Talent or a partner of Cast It Talent, including an advertising partner, may sponsor a promotion, sweepstake or contest on Cast It Talent. Members may be asked to provide personal information including name, email address or home address or to answer questions in order to participate. Cast It Talent will only use such data in accordance with the terms of this Privacy Policy, or, if applicable, the privacy rules specific to the particular promotion, sweepstake or contest.

Member profiles are available to other members of Cast It Talent and registered members of Cast It Systems for viewing.

Email addresses are used for the purposes of inviting non-members to join Cast It Talent (see "Invitations to Non-Members" below), and adding certain members to profiles of other members (see "Representation Functionality" below). Cast It Talent may also use a member's email address to send updates and other news regarding the service.

Cast It Talent may transfer certain personal information to certain partners of Cast It Talent, including advertising partners, from which a member has explicitly requested to receive information. It will be clear at the point of collection who is collecting the personal information and whose privacy policy will apply to the personal information, and, if there are to be any separate privacy rules that supplement or supersede this Privacy Policy or the privacy policy of the partner.

Limitations on Use of Personal Information by Cast It Talent

Members may limit what information that other members can view, for example, by marking certain member profile data as "private" or simply limiting the information that a member elects to provide.

Cast It Talent members may modify or remove any of their personal information at any time by logging into their account and accessing features designated for such purposes.

Members who no longer wish to receive updates, notifications or news may choose to do so by changing the "notification" settings in their profile. All notification emails and Cast It Talent newsletters also include the above instructions for opting-out of those communications.

Invitations to Non-Members

Cast It Talent members can invite non-members to join the service by sending invitation emails via the automated invitation system. Cast It Talent stores the email addresses that members provide so that the respondents may be added to the invitation list of the member sending the invitations, and also to send reminders of the invitations. Cast It Talent does not sell these email addresses or use them to send any other communication besides invitations and invitation reminders. Recipients of invitations will have to accept the invitation and register with the website prior to accessing the service, including accessing the inviting-member's profile of the inviting member. Recipients of invitations

from Cast It Talent may contact Cast It Talent to request the removal of their information from the Cast It Talent database.

Representation Functionality

Cast It Talent members who are actors may invite their respective representatives (i.e., agents and/or managers) to become members of the website or, if already members, identify their representative members who will have access to the actor/talent member's account. The representative members will be able to submit their represented actor members for roles via Cast It Talent (in a process that parallels the process in the current off-line casting business). The actor member will need to affirm that a representative member is allowed such access and to what extent (i.e., "view only", "modify", or "submit").
